

Business Intelligence Council

Minutes from October 8, 2021

Attendees: Sabrina Andrews, Stacey Bradley, Sammara Evans, Mike Kelly, Stacy Lee, Caroline Maulana, and Nicole Spensley

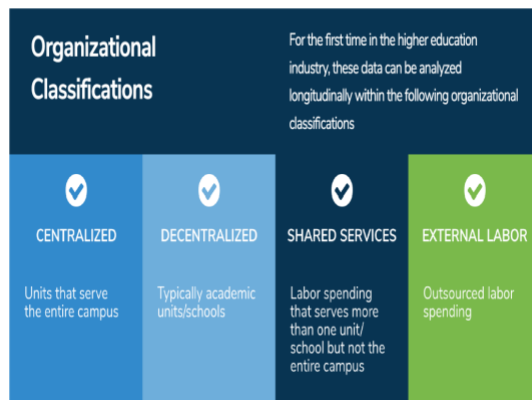

1. Welcome and Agenda - Program Manager Caroline Maulana led the Quartey meeting and introduced guest Chief Data Officer Mike Kelly. Below is the meeting's agenda:

- Completion of Student Core
- Financials Core Implementation Kickoff
- Student Attributes
- Flagship Analytics Council Launch
- Contract On-Ramp
- Updates on HelioCampus – merger/acquisition

2. Notes -

- Verbatim confirmation from Bret at HelioCampus on Net Tuition Revenue: “Yes we have NTR analysis as the baseline set of dashboards as part of the Student Accounts implementation”
- On analyzing centralized/decentralized – this is HelioCampus' approach:

Clear visibility of both staffing levels and structure of your administrative activities.

- **Student Attributes** proposal for Flagship Analytics Council consideration on getting them added to CarolinaAnalytics Student Core drafted. BIC to review, edit, and make comments directly in the document  [here](#), preferably by Friday October 15th.
- **AEFIS and Benchmarking Consortium** to be scheduled in the next two weeks (we hope).
- A list of likely peers and peer aspirants already members of the Benchmarking Consortium:
 - Auburn University
 - University of Massachusetts Amherst
 - University of Missouri-Columbia
 - University of Illinois-Urbana Champaign
 - University of North Carolina-Chapel Hill
 - University of Florida

4. Takeaways - see below:
